

Keeping Dancers Safe: Covid-19 protocols

We are so excited to welcome you and your dancer(s) to MHDC. We have everything we can to be sure your dancer is safe while at dance. Our dance floors have been marked to ensure safe social distancing. Air quality and circulation has been optimized. Surfaces, including floors, will be disinfected between all classes.

We ask that you stay home if your dancer or a family member has symptoms of COVID-19 (fever of 100.5 degrees or higher, cough, shortness of breath, sore throat, loss of smell or taste, unexplained rash), has been exposed to someone with COVID-19 or has tested positive for COVID-19.

Dancer Drop Off: Per the State our waiting rooms must be closed. Therefore, dancers will be dropped off

- Please arrive 5 minutes before your scheduled class time for a temperature check
- Dancers should arrive with dance shoes on (weather permitting)
- Dancers will be asked to hand sanitize on arrival and exit (and any other time needed)
- Dancers over the age of 10 should arrive in masks. If out of cars parents must have on a mask

For our Dancers in our Preschool Classes: PSI, PSII, Hippety Hop and Tumblin Sprouts

- We ask that you wait in your car until pick up in the event we may need you.
- In the event a young dancer is having a hard time entering the building on their own we are allowed one parent in the waiting room per young dancer until they are comfortable with the process. Though not our choice, we have found the dancers have more easily transitioned (a silver lining)
- We are working on potential live feed so parents can watch class from cars or home

We can't wait to dance with you!
